

OCS/Programming Branch

6 Jan 1964

STAT

☐ Chief, on 6 Jan 64 recommended strongly in favor of centralization of programming effort for computer work in view of inefficiency and duplication when open shop programming is not adequately supervised by experienced programmers and when non-programmers are ~~not~~ permitted to decide on specific computers for certain jobs.

Production Division, ☐ Chief

STAT

Dec 1963, all systems used in excess of basic use charges: 1401 by 200 hrs., 1410 by 218 hrs., and 7090 by 176 hrs.
